

# EngiConnect Lo-Fi Prototype - Maksim Sharoika

October 17  
2023

P → Profile  
TI → Top Issues

This is an interesting idea of each "Comment" being its own "issue" which allows for further threading for data management.

! I have omitted various things for the ease of understanding.

- all possible inputs not present.
- all possible features not present.
- Chat functionality does not exist, but will in future.

This will have more input information than shown.
